

Fabrication Technician

Job Description

Martin UAV is actively building a team of world-class employees to help assist in developing revolutionary unmanned aircraft systems technologies.

Martin UAV is seeking a first-rate qualified Fabrication Technician to work on composite aircraft production. This role is for a hands-on person with great attention to detail and excellent people skills. The technician in this position will work from engineering drawings and detailed work instructions to fabricate and assembly composite aircraft's from scratch.

Responsibilities

- Support and preform part fabrication from tooling molds to aircraft flyaway components and assemblies. Mostly using wet layup and vacuum bagging technics
- Modifications or repairs to composite components if needed.
- Coordinate with and assist other team members to ensure on-time delivery of aircraft.
- Interpret engineering drawings, diagrams as well as work instructions and manuals related to all part fabrication
- Learn and understand epoxy systems and safety requirements when handling such materials.
- Display attention to detail and continual pursuit of perfection
- Excellent listening and communication skills
- Excellent organizational skills and problem-solving skills
- Strong team player
- Strong safety work ethic – recognizes the importance of properly handing hazardous materials, chemicals, tools, etc. Comfortable working in outside environment- should a modification be needed in the field.

Skills and Experience

- Ability to deliver great results in short amount of time with minimal outside direction
- Knowledgeable with wet layup and vacuum bagging processes
- General understanding and knowledge of hand tools
- Ability to stand for long periods of time
- General computer skills
- Some experience with aircraft fabrication, assembly, or modification required
- Knowledgeable and able to interpret blueprints, sketches along with written and verbal instructions
- Experience working with an MRP based systems ~ *Desire*

Qualifications

- Preferred Highschool Diploma or equivalent at a minimum
- 1+ years of relevant wet layup and vacuum bagging experience
- Applicants must be U.S. persons as defined by the ITAR (22 CFR §120.15)

Compensation

We are located in Prosper, Texas and offer a comprehensive benefits package including medical, dental, vision and life insurance, PTO days, and a 401(k) plan with company matching.
